Half of you here don't even know anything of what this is all really really about...

I assure you it is not just about the skin. Honestly I don't care who thinks what of it.

I am gonna just let this thread go, because it is beyond explaining.

Also I yes, I did get a lil mad, but people were aiming for that so can you blame me completely?

So I guess I will say sorry to everyone except AnThRaX.

The End (at least for me).
