clipseya i was wonderin if any1 knos wen the dead6 expansion is comin out so if u kno please post wen its comin out on this posty i made. I saw da post aircraft made but i dun belive him.

First, Aircraftkiller wasn't talking about the Dead6 expansion. He was talking about Renegade Alert... two completely different projects. Second, instead of asking when the expansion will come out and piss of a bunch of people, be patient, keep quiet about it, and wait for someone who is working on it to let us know. It'll get done faster this way.
