cheesesoda wrote on Sun, 05 October 2008 09:24Oh, Zeppelin all the way. Robert Plant, John Bonham, John Paul Jones, and Jimmy Page. There's no question. They, along with Sabbath, created hard rock and metal. Not to mention that the tandem of Jimmy Page's guitar and Robert Plant's vocals... there's no comparison.

Truth. Led Zep pretty much created awesome. Same with Black Sabbath.
