samous wrote on Thu, 16 October 2008 16:39 nice door skin, could you release it? ive been looking for A GOOD ONE FOR AGES!

It's considered as an advantage skin, much like a lot other skins that Scrin usually has. It can also be considered a wallhack, seeing as how you can see through something you're not supposed to. You would be considered a cheater by a lot if you were to use it.

And for the huds, you can find some at

<http://ren.game-maps.net/index.php?action=category&id=156>
