Dude, open note pad ok type this
[/quote]

And edit the numbers to get what colors you want if you dont know about it it has three colors
blue,red,green does not have yellow,white,back etc so if you want the values that = that color you
can use paint as shown here
[/color][/quote]

then save as hud.ini

easy as open,copy and paste,save after you edit 2 numbers you done very easy you could get it
by now
