I was on GDI, We were on C&C_Under and had several vehicles outside the NOD base, but nobody was rushing, only attacking Airstrip from a distance. So I bought Hotwire and APC, drove past our vehicle barricade and attacked the Ob. Since NOD was trying to keep airfield alive they weren't expecting it. I blew up the Ob successfully and the barricade swarmed in to destroy the base. I even was able to join in with a Mammoth Tank once I was retruned to base after being killed.

That game was awesome. I love Storm AOW server so much

[Sorry for bump but I do believe this is relevant to the topic. It ought to be stickied so people can brag when they feel like it, lol.]
