Really, I was prepared to be disappointed with Chinese Democracy; if it had come out at the beginning of this year, I'd likely be more favorable, but since groups like Whitesnake, Metallica, and AC/DC have released excellent, and powerful works in 2008, Chinese Democracy sounds like almost like a whimper.

I heard Velvet was getting a new lead singer. will have to see how that sounds. I really liked what Slash did with Snakepit. Had some really good gritty tunes.

Also Tesla, Motley Crue and the Black Crowes have new cds out which are really good. Ozzie had one out a few years back wasnt to bad.
