Yeah, you're criticizing Obama and he hasn't even assumed office yet. You know, you could give him a chance instead of pissing and moaning about every little "dig" the AM radio gives you on the man. But it's all good, he's still going to be the fucking MAN either way, and you're going to have to deal with it for at least four years just like every sane-minded citizen of the world has had to put up with the last 8 years of complete and utter incompetence under George W. Bush.
