Here goes ryan3k, being an arrogant cock again.

Here's the thing. I'm NOT criticizing him for his bad presidential qualities. How the fuck can I, he's not in office. What I AM criticizing him for, however, is what he's said and done so far. I can go into great lengthy detail as to why, but I don't think it's necessary to get my point across.

The fact is though, he's run for president, he held a political seat, and will soon be our president, and so on and so forth. What, does that suddenly make him exempt from criticism?
