Taking waaaay too long though. I don't want to be that guy "omgz vaporware duke nukem forever" but we don't want another Reborn here.

Reborn's been in work much longer than a year...

UT3 has only been out a year (according to post)...They said they're working on coding their C&C mode right now. >.< lol So, I'd expect (not hoping) some sort of release or teaser out by Summer 2009 -possibly-
