You hate state religions, so why is it a good reason to focus on keeping Christians in office that are undoubtably going to keep religion in government?

Besides, if you start looking at the candidates instead of their issues, you become uninformed. It's one reason why Bush was elected over Kerry in 2004. Bush was a guy you could sit down and have a beer with, but likability doesn't really leave you with good policies, does it?

Honestly, I don't give a damn if someone's favorite book was Mein Kampf. In fact, I don't care if the person is a complete racist. As long as he separates his morals/feelings from his public policy, I couldn't give two shits who he is.
