Kakatios wrote on Sat, 06 December 2008 06:48 Well, I can't actually speak for the guys at Petroglyph, but due to EA actually owning Renegade I believe it would be illegal for anyone at Petroglyph to modify or help modify Renegade in any way, shape, or form. Even if done on their own personal time.

it seems they don't care at all about renegade, if they would they would reply or at least say they don't want to come back to it.. go pm that guy on petroglyph (or whatever it's called)
