I just got an xbox 360, Now i dont have no hi def Tv just a normal one that uses the y,w,r RCA (yellow white red) I have GTA 4 but theres a problem, changing settings on console the game and my tv wont work Am having trouble seeing little icons and small letters they just to....small and flickery if that makes any chance...there not clear enough to see some...like reading the txt is fine and such but one level i ahve to get a guy to come to his window so i can shoot him and i notice is phone is displaying his number in view of the windows...i can cant fucking read the numbers off it
it

what can i do?
