all i apparently said was:

reborn u need to read
which was true

i didn't call u guys names or use profane language

whats your deal man?

Some thing you don't seem to understand is that Reborn is usually of great help and would (nearly?) never try to annoy anyone or try to misguide someone. If you would've been either around longer, or would've just told reborn that you ment to say something else, you would have noticed that already.
