Quote:Those are often a good place to ask questions about stuff like CSS, HTML and PHP.

Excellent I can't wait to find something out that I don't already know about. I'll google some I guess. I fixed the website. It's nearly complete now. The forums look exquisite for free forums. Seriously you should drop by:
<http://epsilonworldwide.ipbfree.com/index.php?act=idx>

Oh I forgot the website URL.

The website is here: www.epsilon-corp.co.nr
