Excellent I can't wait to find something out that I don't already know about. I'll google some I guess. I fixed the website. It's nearly complete now. The forums look exquisite for free forums. Seriously you should drop by:
http://epsilonworldwide.ipbfree.com/index.php?act=idx
No it doesn't. It's loaded with pointless crap. Including the shoutbox... seriously, wouldn't a shoutbox ruin the whole point of the forums?
