DAMN FUCK MUCH SUPPORT, you can even get a fre 512MB Card for free if you have an XBOX. And much more like a totally new Menu etc.

PS3 is a pretty solid console, but I'm with you all the way man. 360 is the way to go for awesome shit like the new xbox experience. Netflix? On MY xbox? It's more likely than you think.

Sure, the avatar system may be a ripoff of the Mii thing but hey, fuck your shit yo, seXbox for life!
