LoL you all must be very bored.

I think as creator is my opinion not unknown.

But some question:

Are unoffical patches to increase ping/fps a cheat or just advanced?

For example i saw a screen from gozy with some extra information about his client a while ago.
(I use RR to increase my ping and fps will i get a ban?)

Or a good pc and a good internet connection, cheat or advanced?

How about a smoke before a cw, cheat or advanced?
