The one to release the HUD with building info or any of the enemy's team's info on renforums will get a permanent ban for releasing cheats. I hope that makes my position on this very clear.

"rules"Cheats/Hacks: This forum fully supports RenGuard along with other anti-cheat solutions. With that said, the posting or advertising of cheats will not be tolerated in any way imaginable.

I also want to draw attention to the "or advertising of cheats". keep that in mind next time you make a topic like this.
