If you mean C:\ i don't have a C:\ i changed the brenbot.cfg to:

```
FDSConfigFile = E:\Westwood\RenegadeFDS\Server\data\svrcfg_cnc.ini
```

```
FDSLogFilePath = E:\Westwood\RenegadeFDS\Server\
```

so i don't see why i need C:\

Then you need to type in "E:" by itself in the command prompt, and then cd e:\<path_to_brenbot>
