Eve passed away last Sunday, so I don't have anything on her wallpapers or anything... waiting on some new components so I can revive her.. Eve 2.0 :V. (Yes, I named my desktop, so sue me. I like that name...)

I still have my laptop though. I just put this wallpaper up last night:

I don't own any sort of digital photography gear (phones, cameras, ect) so I can't show you my workspace.
