- 1.DOWNLOAD THE INTERNET
- 2.HOST THE INTERNET FROM MY COMPUTER
- 3.CHARGE \$4.00/YEAR FOR ACCESS, UNDERCUTTING RYAN3K
- 4.PROFIT

In all seriousness, I'd probably just make it a simple hosting site for people for a decent price (One around the same as other hosting services, yet because it'd be unlimited, people would all go for it, etc...).

And get EA to host Renegade off it with a better management than XWIS.
