Hello Everyone,

XD-Gaming is back, fully re-done, with a new server, new staff team after it's previous downfall.

One of the Community Owners, Catalyst, has been writing a custom mod for BRenBot called EVA. EVA adds so much more of an interactive game play experience to the game. Our servers are up 24/7 and we're looking for moderators!

So feel free to come and have a look around, and have a few games!

Our IRC Network is at: irc.xd-gaming.com

Our Servers are listed on WOL, RR & GSA as:

A AOW [EVA] XD-Gaming Server
A Sniper [EVA] XD-Gaming.com Server

and for APB Lovers:

XD-Gaming [EVA] APB 1.2

See ya there!
