Thank you!

Thanks to you, Renegade X has now officially won 3rd place in Mod DB's contest, in the 'Upcoming Mods' category. We could not have done this without your help - thanks for all of your votes, and hard work of getting others to vote for Renegade X. Hopefully, with this boost of attention, we will be able to get the final stages of the mod development to you faster. This is the best birthday present C&C Renegade has ever had.

Quote:"With the recent cancellation of Tiberium, Renegade's spiritual successor, Renegade X now stands as the last chance for players to experience an up to date version of the original RTS/FPS Hybrid"
