Just for info as it was asked: this is why Scrin got banned.

* Scrin, Niko (login: Scrin)
warning spam in tech support topic (18/02/2008)

warning posting cheat (10/12/2008)

* Samous Mods (login: crytek) = Scrin
warning insulting without any reason (11/10/2008)

Next = 2 weeks ban

ban 2 weeks + doubled twice for ban evading (2 months total): 4th warning (24/01/09)

These are just the few that I bothered to keep track of of course.

This is for info and shall not be discussed.
