Zack wrote on Thu, 19 March 2009 09:28 There's a readme included in the scripts.dll download. In fact, there's like 23950873029 readmes (exaggerating the number of course). Its not listed in any of the readme's, I just checked

Poskov wrote on Wed, 18 March 2009 19:16 How do you use the JFW_Driver_Death script, so when your vehicle explodes, you die?

Are you sure thats what its called, I'm not finding it in the source code either (although I've seen this script before, under 2.9ish I believe)?
