For someone like me, this service is perfect. I don't own many games, and although I'd like to play new ones, I can't justify buying a 'next-gen' console, or getting a good computer, and then buying games on top of that.

If this has a cheap entry fee, I'd happily fork over a small subscription payment if it lets me select from a slew of new games. Or even better, a day/week rate where I can play a game to see if I like it.

What would be awesome is pre-paying for a certain amount of hours, and you get a smorgasbord of new games to choose from. I'd sign up for that in a heartbeat.
