You need to shut up. Really. In the short amount of time you've been here all you've seen is he and Di3 posting videos everywhere of cool skins/model replacements and you interpret this as some sort of gift from god. Newsflash: in this thread he released nothing shown in the screenshots.

You're so blinded you easily ignore the text in his posts in which he acts like an idiot and trolls, badly, in an attempt to butthurt everybody even more than before. His work is quality. Even I have to admit it. Some of it is a little too shiny and in some cases he adds worthless clutter to already nice models but he's a talented graphical artist. Unfortunately this is pretty much balanced by the fact that he is a completely stubborn jackass.

Check this:

Scrin And i'm sure what some idiot mod dude will banned me from here again and locked this because i have posted new topic on this subforum... so Fu:Ck A1L!? And before that Ute5128932494325943 and Cabal2605042347 or other homos like mandabras orerrrwtfnowaihaxbzzz.... come here to ruin the topic, i will repeat... fuck me again pl0Z kO?!! (NOBa!)

and i have some free stuff for you all (if all be okey, i will share more, deal?) Razz ---->

Translation: if everybody will let me be a faggot and wildly insult people, I'll maybe consider releasing my work! BUT ONLY IF YOU DON'T BAN ME!

Scrin is a child that doesn't deserve an internet connection. Cut with the fucking god worship and learn to read between the lines.
