Positions available are:

- Commando Editors(to set up mod)
- Boners(People to set up weapons or teach us how)
- 1 modeler to lead in helping out newbies
- Scripters someone to make new scenarios and paintball effect(lobbing)
- Skinners We need someone to make character skins for current char models and weapons(a bit)

This is a paintball simulation mod for renegade this will be as real as posible we are researching on all weapon ect. we are still thinking about how the kill system will work any suggestions.

Website will be up soon .
