Starbuck wrote on Tue, 07 April 2009 06:04The third one was very good I thought though it did sound a bit cheesy and unrealistic at times.

I hope they bring in some exotics in the next one...would love to see Lambos, Ferrari's, Merc SLR's in an European setting. Movie would kick ass imo...

Don't forget merc AMG BLACK though :+ Those are sweet aswell, just like BMW M5/M6
