only way to get a REAL teamplay game on is
either a fun/clanwar or a community war

but the best teamwork was hands down the one @ .. former clanwars.cc

where is the best place to be a part of clanwars, community matches, etc? give me a couple of links where these matches are taken seriously because i'm really sick of this situation.

UNRULES - Newmaps, theres alot of pole that you can temwork with but theres are also some noobs whicha rent really many. Im mod there, dont worry mods there arent that bad.

Dont play atomix or noobstories,noobles , these servers are retarded and full of noobs that scream "cheater" everytime u hs their havoc with pistol.

Oh, the irony. UNRules is probably the most garbage server Renegade has running, currently. And shame on you for besmirching n00bstories' good name!
