Due to their negativity regarding my skins and posts anyway.

If u would like they are available elsewhere like RENBATTLE.NET

Bunch a dam Hypocrites if U ask me.

They think what they want, But I dont have to listen to it LMAO

I give ema name and it doesnt matter.

Anyhow, I will continue to play the way I always have and make skins,

They just wont get to see em or use .

I found some were examining my photobucket site and you tube sites

and as far as I am concerned, they werent invited.

so to piss them off I removed stuff. If they were that efficient at hunting down cheats, they might find themselves the targets LMAO

Roflmao. Continue to play the way you always have, you mean hacking? So you're not ready to put down the cigarette of hacks and just say no?

I mean: even if someone else gave me pic's with "RGH" in the top left corner, it would immediately draw my attention and I wouldn't post them on here. Well, unless you're so used to having it there anyway, of course...

Oh and if u put things publically on youtube and photobucket, then you may find that people tend to go and look at them. People are like that on the Internet!

He deleted the pictures and made the videos private, just so you know.
