UnitXc wrote on Sun, 26 April 2009 01:37hey, i didnt realise i had missed somthing out as you are the first to report this,

the obelisk sounds i use are really cool too, im not at home till tuesday so i wont be able to update it till then, if you enjoy this pack then get other to download it too i think its worth it.

ps im sure the countdown is in there as ive been told that it was by homey on the Jelly Forums.

if its really not the i will upload that too.

peace, thank you for downloading
