That's just my opinion after hearing on the radio that some border patrol agents confiscated about \$600,000 worth of marajuana in the desert here...

You don't care about individual liberty... just the tax revenue... nice.

who knows how high the tax would be.. obviously some drugs are bad, but marijuana doesn't make some1 go fucking crazy and kill somebody... i don't see what the big effin deal about it is.
