are school is fun og mac's and they suck really really bad, so we decided to call the crapintoshes.

thanks for the tellin me bout newegg, ill go check it out. from ur posts i can tell it works well

ok, im lookin on newegg for a motherboard. there are so many things to pick. any of u guys got any ideas?

i want this comp to be for gaming only, no other stuff that i wont need while playin a game.
