the wheels arent part of the skin

when both look shit dont spam this topic

and no the blue apc isnt quennhunters work haha

and the maximum of votes in this poll is 100

and why is that?

Why is that to the text in bold? I think JsxKeule would like to keep this unbiased and not have people voting for others just because they're friends. To the poll, I think the woodland APC is much better looking than the blue APC.
