LOL. Like EA gives a c\$ap. The fact that they are responsible for the demise of one of my most favourite game companies makes me very angry. I plan on never buying a EA made game again from now on due to how pissed I am at them for turning westwood into \$hitwood. Is Westwood still gonna put out games at all or will they put out garbage games made by a whole new team that just sponge off the glory of the C&C title? All I have been hearing so far is EA put Westwood out of business so I am not sure what all the details of all this are. Guess I'll go research this whole EA Westwood thing some more. :rolleyes:
