Wild1ACK said that he fould be making a C&C1 mod. Now I know what you all are thinking, "C&C1, but isn't that Renegade?" Well yes and no. Sure Renegade is based on Tiberian Dawn, but it sure as hell doesn't look like it.

That's about All I know. Anything further, and ACK will have to kill you.

Actually, I think the RenAlert team will be making a pre-release Renegade mod (not that there's any difference)

I don't see why they would make a RenAlert 2, as RA2 wasn't a very good game in the first place.
