Maybe, but if that was her reason, why wouldn't she just say so, instead of this bullshit "no lame duck" junk?

And if that was the case, why did she choose politics in the first place?!

maybe she didn't want to take a pay check and be running for other things. maybe shes being swept away by aliens coming soon. maybe she wanted to fly around the world in 80 days.

Again back to my original point. Who cares? Why do you care so much? That bored got nothing else to do?

Anyway I'm done here, not spending any more time pondering why she quit her job.

What else can I do on these forums? Look at more ugly blue skins? Why do you care that I supposedly care so much?
I would vote for a ugly blue skin before Palin tbh
