Hey again, sorry for the late reply

Ok, i have got the hooks.dll (Thx for the link )

You say i need a scripser to edit the hooks.dll? If i am not able to find one, could you throw some tips at me as to how i could do this myself? All i need to be able to do is edit the damage hook so that friendly fire GIVES points rather than takes.

Your feedback is really appreciated

thx again

Kenny
