---

V6 Camaro again, brand new 22,245 and gets 29 mpg, can fit 4 people in a pinch, fast, sporty, looks good, the 1SS costs 31K

brand new Malibu costs 21,605 barebones and gets 33 mpg

Cobalt coupe SS fully loaded costs 25,305 atleast up here and gets 37 mpg

Dodge SRT4 Caliber fully loaded costs 28,660 need an extra 6 dollars there 27 mpg

Entry level Challenger RT 35,800 with the performance package and audio 16/25 mpg with the 5.7

For Ford idk as I haven't been able to finish a vehicle since they changed their website

This might help you choose to buy American.
