Xpert wrote on Wed, 12 August 2009 18:18I don't even use 3.4.4, I stick with 2.9.2. Same goes for some of my members, except they use RR with it.

I guess you can count me out of the tournament. I can't be arsed with 3.4.4.
I'm not sure what the big deal with 344 is. Just took me half a minute to install it.
