Ferhago There is a way to post negative comments without being cruel about it.

Your just out and out saying "Ha ha you suck". You dont even give him advice on how he could make it better without laughing at him

Hello, dumbass. Is replying to a thread without reading anything in the thread a new fad now? Or do you just not possess the ability to read?

I haven't said that he sucked, nor have I said that his model sucked. I also never included or implied any laughing or anything like that in my reply. Half of my post was to answer his question and to tell him how to make it better, but you wouldn't have known that because you apparently can't read at all.

Cruel? You don't have the slightest clue what cruel is.

Are you trying to make yourself look stupid, or is it just a habit?
