yeah cos holding down "w" for 10mins to get to where your going is fun within 10min your outside the map, or stuck in the wall, or dead, or just walking on water/air

do you even know what autorun is? why would I end up in a wall or walking on water? if you keep runing in the same line you'll end up somewhere xD

3d1t: And autorun on a action game like that would just be anoying..

It works on MMO's bacause if you gota run for 30min to do a quest, but on a game like this you'll almost neeeever use it
