Hmm, ill post a comment on the website. But on here, For the new NR, Donate Could Use A Little Tweak, so if its on False It wont say, " You Have To Wait 0 Seconds To use !donate". That gets anoying once in a while.

Also, If A Commander Plugin, Would Be Absoultly Fantastic. Espically If You Could Call in, Back Up For Units. And Team Fund, As Always. but ill post it on the website 2.

Also a Veteran Status System !vp. would be nice.
