So I was playing with the mammy DDS file trying to make a "wide load" skin (thanks to HaTe btw for the idea), when I came across this picture of a girl with the words "good vibrations"... but that didn't quite fit the mammy well. So I made another arty skin instead, lol.

Yes, I realize that our beloved arty is not exactly the same style used in the WW2 era, but I wanted to give it that kinda look with the pin up girl painting and the kill marks.

Hope you enjoy!
