Hi everyone,

I have a few questions about renegade's level edit, hope someone can help me out =)

First of all, I need to spawn a vehicle from walking into a script zone. So say I walk on a pedestal, and then a vehicle will spawn close by. but I don't know how to do this, and the script list is long.

And my second question is that I want to make a co-op, but I don't know how to spawn enemy infantry. When I try, they never show up ingame, so I'm sure I'm doing it wrong.

Thanks =D
