xD I don't usually post in topics like this, but this scenario immediately came up in my mind:

Quote:

A Typical AoW Public Match:

Nod Team: Yo guys, SBH rush alright? buy nows and aims for WF. Lets do this!

\*Nod Team prepares to move out\*

Nod Team: wtf! Guys! inc!

Nod Team: What are you talking about?

\*Nod sees the front of about 5 APCs bearing down on them\*

Nod Team: Wtf---Leroy? What in da heck is Leroy---

\*Nod gets smushed by the five APCs as they head into Nod's Base\*

\*Nod team looks at the back of the APCs moments after being squished\*

Nod Team: .....Jenkins?? Wtf!

xD If I was an active Renegade player in anything other than Coop-servers, I'd love this skin to use in AoW and Marathon matches. Too bad not everyone would see it though haha, since skins you download don't affect others. xD Nice one though heh! Really well made and love how Leroy Jenkins is separated and on the front and back. Really nice. xD
