And anyway they would both get their ass kicked by an Alien Maybe.....well Jason might be able to take an Alien 1vs1 and maybe live to tell about it (assuming the alien doesn't eat him) but Freddy could take the form of one and fight back that way ...but a Predator would completely gangsta rape all of the above....especially an Alien.

But anywho....Freddys not really that funny anymore only because by todays standards its just pointless what he does. Now all we need is Mike Myers vs. Jason. Jason is my fav. killer but Mike Myers Halloween are my favorite set of scary movies (I still think Resurrection was the best one).....I wonder who would win?

Pros for Mike:

- Stealthy (hangs from stuff then drops down from behind and wacks you in the head)
- Knows how to fist fight and take an ass kicking
- Stalks his prey and plans out his attacks
- Super Human Strength
- Killed Jaimi Lee Curtis (god blesS) :twisted:

Cons for Mike:

- If his plans dont work the first time he wont get the kill
- Too slow
- Cant regrow himself if he loses a body part.
- Got his ass kicked by Busta Rhymes

Pros for Jason

- Super Human Strength
- Can reform himself even after losing a limb (he's like a zombie basically and if you dont believe this to its fullest extent try paying close attention to that crappy movie Jason X)
- Machette can go through virtually anything that he hacks at
- Has no regard for the human life
- Knows how to defend himself if being attacked melee style
- Will use all sorts of weapons to kill someone (he once used one naked chick in a sleeping bag to kill another naked chick in a sleeping bag....once again a reference from that craphole known as Jason X)

Cons for Jason

- Slow (faster then Myers though)
- Extremely stupid
- Easily distracted from his main objective
- Takes a little longer then Myers to recover from a beat-down
- Jason X

My Fight.

Jason would be hacking teenagers when he would follow one into a house and when he walked through a door Mike Myers would lower himself from a pipe above Jason. He would stab Jason in the back but Jason would quickly turn around and chop off Myers head.....story over. Cant you

see which one I like better? Then DBB enters the room with a .30-06 at close range to Jason's head and blasts him away.....whos the best now
