R315r4z0r wrote on Wed, 23 September 2009 22:13 Why not? It will work just fine.

But it'll look like ass, and the TV is small. That ruins the experience. Plus, the marginal benefit of owning a console and new TV is lower than what I'd be willing to pay.

With something like OnLive, I can game using my nice computer monitor in tandem with my modest netbook. Plus, a wide selection of games for a monthly fee is just icing on the cake.
